

# Staging

- ✓ Uncapping and air-stacking should occur within 3 hours of receiving the product – the process is outlined below:
  - ✓ Uncap the lid and place the box inside
  - ✓ Pull the plastic over the box
  - ✓ Cross-stack the Bananas to allow proper air circulation
- ✓ Handle the boxes gently
  - ✓ Bruising can occur easily if they're mishandled
- ✓ Keep product away from heat vents or cold drafts
  - ✓ Temperatures below 55 degrees can cause Bananas to turn gray
