# PRIMA GATTIE PEACHES

PRIMA® GATTIE PEACHES

## Description

The Prima® Gattie Peach is Gerawan Farming's flagship variety. Unlike most peach varieties, the Prima® Gattie Peach is flavorful and juicy right off the tree. It is a late-season peach, so nature has taken its time to develop sweet, crisp flavor, and colossal size. They always eat fresh, juicy, and with a mouth-watering texture, bite after bite.

## Highlights

Hand-packed in smaller quantities helps to maintain the excellent quality of these tasty peaches.

Preconditioning or ripening before placing on grocery displays isn't necessary because they eat perfect right out of the box.
