# VIDALIA ONIONS

The class of the sweet onion category, Vidalia sweet onions are famous for their unrivaled mild and sweet flavor.

In order for farmers to grow and call sweet onions 'Vidalia', it is required they be grown in a specific region of southern Georgia, due to its unique blend of soil and nutrients that help produce the distinctive flavor.

Vidalia sweet onions are a standard Yellow Granex variety. They are so mild that they do not make eyes tear up when cut open - making them a friendly choice for budding cooks and chefs.
