GREEN DRAGON APPLES

This apple variety is a cross between the Golden Delicious apple and Indo apple of Japan. They are sweet with low acidity and said to be the most aromatic of apples. The taste has been described as having somewhat of a pineapple flavor; sweet yet leaves a subtle hint of tartness behind.

HIGHLIGHTS

Enjoy alone or add it to your favorite recipes. Its firm, crisp texture and bruise-resistant skin are great for baking.

Green Dragon apples are perfect for pies, muffins, tarts, or chopped into fresh salads. Its flavors pair well with cranberries, pears, strawberries, and cinnamon.
