Satsuma Mandarins

Description

Satsuma mandarins are medium to large-sized citrus fruits shaped like flattened spheres or little dumplings. The flesh is extremely juicy. They are considered the sweetest of all the citrus varieties though they offer a degree of acidity.

Product Highlights

Satsuma mandarins are rich in vitamin C and vitamin A. Like other mandarins, they are a good source of dietary fiber and potassium.

Most commonly eaten fresh, removed and separated into sections. They may be used in green salads, in baked, frozen or fresh dessert preparations.
