ABOUT FRESH PACK

Indianapolis Fruit Company is a certified organic distributor, handler, and processor.

This allows us to repack, sort, and deliver certified organic and conventional product to your store/warehouse in keeping with the USDA's strict organic standards.

We will hand inspect each item to ensure that the quality, sizing and color of the product matches your standards and in turn provides uniformity to the retail set.

We will hand inspect each item to ensure that the product is stickered properly for labeling needs as well as providing labor and profitability assurances at the register.

Garden Organic and Garden Best Program: Certified organic and conventional product over-wrapped, UPC coded and displayed on an eco-friendly, biodegradable tray

FRESH PACK FILM INFO

Indianapolis Fruit Company uses Clysar® Produce Shrink Films. It is designed to preserve respiring fruit and vegetables.

FEATURES

Evacuates Air: Micro-perforations allow respiring fruits and vegetables to breathe

Locks in Freshness: Controls transpiration and water loss, extending shelf life

Maintains Cleanliness: Protects against contaminants throughout distribution and consumer handling

Shrinks Beautifully: Shrinks evenly and tightly around unique produce shapes

Shines at Retail: Delivers outstanding optics and can be printed with colorful graphics, eliminating secondary labeling

WHY SHRINK-WRAP PRODUCE?

Broccoli wrapped in crystal clear Clysar® film demonstrates the benefits:

Prevents 33% moisture loss over 6 days

Stays greener

Retains more ascorbic acid (vitamin C)

Keeps the broccoli clean and protected

Stops condensation from clouding the film

BREAK CASE PROGRAM

Our Break Case Program offers smaller pack sizes ideal for the stores who struggle to sell through full cases.

All product being wrapped and bar coded helps control shrink, both within your department, and at the register.

**Brands and pricing are subject to change with market.
These are the prices as of July 2025.**
